**Update on activities and
cooperation in the Western Balkans**

European Training Foundation in the Western Balkans

Background

- ETF works in a range of activities in an evolving context. We support human capital development for young people and adults in view of the digital and green transition, social dimension, innovation and the Enlargement Process. Key examples –
- Further roll out of the Jobs and Skills surveys in the region – digital and green
- Redoubled efforts on the Youth Guarantee – underlining the education aspects of this initiative alongside the labour market focus.
- Support to Qualifications framework and Quality Assurance
- Highlighting Erasmus+ for a wider discussion how to better ensure how the strengths of the programme can lead to closer so to bring about better policy making and enhanced capacity building
- Further development of Osnabruck monitoring
- Continuing VET support – LLL, work based learning, Networks and Excellence, CoVEs
