Inter assistance networks

- 2009 16 partnership networks have been set up through the "Partnership for Quality" project; 96 VET schols în the networks.
- □ 2019 2021:Through the "EQAVET-NRP-RO" project, the partner networks of VET schools were reorganized on 10 qualification domains and 60 mutual learning activities were organized (14 face-to-face and 46 on-line).
- **2022-2023:** organization of 20 peer reviews in the VET school networks

Kretzulescu Higher Commercial School, Bucharest

Bucovina Forestry College, Câmpulung Moldovenesc

Gheorghe Asachi Technical College

Timisoara Car Transport High School Collecting data on students' satisfaction with the way learning outcomes are achieved and assessed in the VET schools included in the networks

The development and testing of additional elements of the EQAVET framework, by addressing the additional descriptors of the EQAVET+ related to the achievement and assessment of learning outcomes by the VET students:

"VET providers' programmes enable learners to meet the expected learning outcomes and become involved in the learning process"

"VET providers respond to the learning needs of individuals by using approaches to pedagogy and assessment which enable learners to achieve the expected learning outcomes"

"VET providers use valid, accurate and reliable methods to assess individuals' learning outcomes"
