

International workshop
“Creating more efficient labor market in the Danube region”

22 of May, 2018, Chisinau
Radisson blue hotel, Mitropolit Varlaam Str, 77

Agenda

Objective:

The workshop will be an opportunity for participants to discuss how to make the labor market in the Danube region more efficient. Discussion will focus around four topics: ways to improve the effectiveness of Sectoral Skills councils; the role of the labor market information system in improving labor market efficiency; the effectiveness of active labor market programmes, increasing the apprenticeship system efficiency and effectiveness of immigration in meeting the current labor market needs.

The workshop will bring together actors from fourteen Danube Region countries in order to share best practices, to address common challenges of the future, to develop innovative projects and to create networks for policy development of efficient educational and labor market systems.
