Programme	COSME
Acronym	COSME
Type of Funding	Action programme
Description of programme "COSME"	<p>COSME is the EU programme for the Competitiveness of Enterprises and Small and Medium-sized Enterprises (SMEs) running from 2014 to 2020 with a planned budget of 2.3 bn. €.</p> <p>Accessing finance</p> <p>COSME aims to make it easier for small and medium-sized enterprises (SMEs) to access finance in all phases of their lifecycle – creation, expansion, or business transfer. Thanks to EU support, businesses have easier access to guarantees, loans and equity capital. EU ‘financial instruments’ are channelled through local financial institutions in EU countries. To find a financial institution in your country, visit the Access to Finance portal.</p> <p>Opening markets</p> <p>COSME helps businesses to access markets in the EU and beyond. It funds the Enterprise Europe Network that helps SMEs find business and technology partners, and understand EU legislation; the Your Europe Business portal that provides practical information on doing business within Europe; and the SME Internationalisation Portal for companies who want to develop their activities outside Europe. It also finances a number of IPR (intellectual property rights) SME Helpdesks.</p> <p>Supporting entrepreneurs</p> <p>COSME supports entrepreneurs by strengthening entrepreneurship education, mentoring, guidance and other support services. Actions support specific groups who may find it difficult to reach their full potential, such as young people, women and senior entrepreneurs. The programme also aims to help businesses access opportunities offered by digital technologies.</p> <p>Improving business conditions</p> <p>COSME aims to reduce the administrative and regulatory burden on SMEs by creating a business-friendly environment. COSME also supports businesses to be competitive by encouraging them to adopt new business models and innovative practices. This complements actions in areas with high growth potential such as the tourism sector.</p>
