

**Thematic Conference: learning, teaching, exchanging – school cooperations in the Danube region**  
**18 to 19 June 2015, Vienna**  
**Day 1 Bertha von Suttner Schulschiff, Day 2 OeAD-Haus**

The conference organized by the National Agency for Lifelong Learning, the Austrian National eTwinning Support Service and PAC 9 focused on teacher cooperation in the Danube Region. The participants had the possibility to learn more about the Danube Region and its challenges in the 21st century and to create future partnerships. On the first day the conference took place at the "Bertha von Suttner Schulschiff", on the second day in the "OeAD-House".

The keynote presentation on "Colours of the Danube Region: Integrating the Differences - Creating a New Mosaic" was held by Vedran Dzihic from the Austrian Institute for International Affairs. An overview of the EU strategy for the Danube region, provided by Jürgen Schick from the Austrian Federal Ministry of Education and Women's Affairs/EU strategy for the Danube region PA 9, as well as general information regarding Erasmus+/eTwinning and the presentation of an Austrian project Erasmus+/eTwinning project regarding the Danube region by the BHAK Linz completed the plenary programme. The participants effectively used the workshops and group works to initiate future Erasmus+/eTwinning-projects. Also, they received some tips by experienced Erasmus+/eTwinning teachers (Christine Kladnik from NMS Gaming and Peter Limbeck from the Akademie der Wirtschaft Neusiedl am See).

Participants included 49 teachers from 12 Danube countries: Austria, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Germany, Hungary, Moldova, Romania, Slovakia, Slovenia, Ukraine. Participants learned more about the platform ([www.etwinning.net](http://www.etwinning.net)) and discussed the following four key questions regarding “Cooperations between schools in the Danube Region” in four workshops:

- Why do we need to cooperate?
- What are the challenges in cooperation?
- What are successful ways of quality assurance in projects and mobilities regarding the Danube Region?
- What are the challenges of the teaching profession in the Danube Region?

The thematic conference was extremely successful on all levels, and during the conference 10 new Erasmus+/eTwinning projects in the Danube Region were created. See a list of projects below. Furthermore the conference was also used to celebrate 10th anniversary of eTwinning, e.g. during a quiz about the history of eTwinning in the Danube Region.
