## e-Roma Resource project

The main aim of the e-RR project is to promote, disseminate and exchange previous work in the field of Roma inclusion from different sources. The partner consortium wants to build on the experience and already existing good practices that have been undertaken by many organizations, institutions, authorities and other stakeholders.

The project outcome will be a transnational online educational and informational platform, targeted to the specific group of educators, project promoters, professionals, decisions makers, relevant stakeholders and Roma learners, according to their differing needs.

Objectives of the project are:

- to raise awareness on the importance of collaboration and exchange of best practices for successful work in the field,
- to build learning and informational online platform for everyone in Europe interested in educational projects and related policies in the field of Roma education and training,
- to enhance the usage of different already designed products, project outputs and to promote those results by collecting, presenting and promoting them via online platform and other activities,
- to present good educational and training practices, policies and other relevant documents in the field of education and training of Roma,
- to disseminate and evaluate good educational practice,
- to transfer good practices between various EU partners.

## Opportunities for the development and upgrading of the portal in the future

The portal, such as currently designed, enables/provides:

- overview of situation and conditions,
- overview of legislation and policies in different fields,
- overview of organizations that may be helpful in their work /the potential partner organization,
- overview of materials and other resources.

## Opportunities for the development and upgrading of the portal in the future

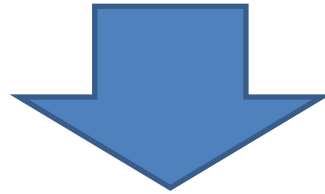

- opportunities for upgrading of the extension of the detailed overview to all European countries (following the example of European integration on the website - <http://ec.europa.eu/ewsi/en/>),
- interactive search possibilities and opportunities for the development of partnerships,
- Forum/chat room for development of project ideas,
- info point with the publication of current events in the field of Roma integration,
- virtual space in with discussions and debates related to the current Roma issues.

## Opportunities for the development and upgrading of the portal in the future

Our main short term goal

e-RR portal will become well established dissemination platform on the European level for all projects, that are associated with the processes of integration of Roma

## e-Roma Resource

Search, use, share and broaden horizons
